INFORMATION FOR THE PARENTS /

GUARDIANS

1. Parents are an integral part of the school and the school expects them to cooperate in enforcing all the guidelines that will benefit the child and assist in the smooth functioning of the school.
2. The diary serves as a bridge between teachers, students, and parents. Parents are requested to go through the diary and respond to any comments made by the teachers.
3. Parents can use the diary to communicate with teachers regarding their child's academics or behaviour.
4. The school insists on strict attendance, punctuality, obedience to uniform rules, cleanliness in clothes, proper grooming, and fidelity to study and assigned responsibilities.
5. Absence from school for mere social functions is discouraged.
6. As the medium of instruction in the school is English, parents should provide ample opportunities to their children to converse in English at home.
7. The school has a one-to-one relationship with each parent/guardian. Any form of collective pressure on the school authorities on any issue, inciting other guardians, or any other form of coercive tactics will not be tolerated.
8. Parents are advised to refrain from indulging in any misbehaviour with any staff or authority of the school; and defaming the school or its teachers or management in public. Carrying out unlawful activities against the school or disclosing incorrect information about the school so as to bring ill repute to the school as a whole may result in stringent action. The school authorities' decisions on these matters shall be final.
