

## **CURRICULUM POLICY**

The curriculum followed in DPST encompasses everything that takes place that is organized and promoted by the school both formal and informal. It includes every experience the student is exposed to.

**DPST** offers a challenging curriculum enabling students to achieve their fullest social, intellectual, spiritual, emotional, cultural and physical potential. The intellectual community teaches values and respect for all, is dedicated to academic excellence, demands responsibility and promotes the power of collaboration, creativity and critical thinking.

In **DPST** The curriculum is enhanced and enriched through CBSE & NCERT research and development which is also recommended by the National Curriculum Framework. DPST has a wider perspective in consulting some highly recommended international curriculums for the students of primary grades for them to experience an extra edge in the process of learning.

### ***EXTRA-CURRICULAR ACTIVITIES POLICY***

**DPST** offers all children an opportunity to take part in Extra Curricular Activities (ECA) out of regular school hours by means of Clubs and Societies of their interest.

**ECA** enriches & enhances the formal curriculum, allows for relaxation and enjoyment, provides opportunities for social interaction, develops skills, values and encourages respect for others. A range of activities are offered by school staff and are free of charge, others are provided by external providers and are charged to the individual, still others are provided off site and will incur costs. Where appropriate, students are offered the opportunity to travel away from school and engage in residential ECA.

**DPST** will provide a written report of student progress to parents and guardians & provide them with an opportunity to discuss the report with teachers, in each term/ semester of the school year.
